Dec. 1, 2018 • 1 P.M.  
 • FREDERICKSON RANCH HEADQUARTERS •  
 10 Miles West of Spearfish, SD

Nate, Jayna, Tiernan & Teegan Frederickson,  
 Mark & Mary Kay Frederickson

Jason, Karen, Ava and Joseph McLennan

Welcome to the 9th annual sale of Pyramid Beef, LLP. We thank all of the rancher's that we have had the pleasure of doing business with. We know that for commercial cattlemen in this region there is not a shortage of options and programs to purchase genetics from throughout the calendar year. We are sincerely humbled by any and all interest that you have shown in our program. This year we will be without our founding partner Jonathan Marohl and his family. They have decided to host a sale at their ranch in North Dakota this November. We know that it will be a success and cherish the friendship of that wonderful family. The sale will again be held at Frederickson Ranch west of Spearfish, SD on December 1st starting at 1:00 pm. Please find driving directions to the ranch in the catalog or on our website at [www.pyramidbeef.net](http://www.pyramidbeef.net).

The offering this year will include many new sire groups as well as some that we have had in the past. The new genetics that we have brought in have blended well with our herds and we are confident that they will have a positive and lasting impact on yours. The bulls selling were brought to the yard in the middle of December and wintered on a ration including alfalfa and barley hay with whole corn and distillers making up the grain component. We summered the bulls on grass from June until late August. Since coming off pasture the bulls have been worked up to a 46 Mcal ration which includes cracked corn, dry distillers, alfalfa and barley hay. All of the bulls have been a part of complete health program from birth until now and have undergone a breeding soundness exam. As in the past every bull selling is **FULLY GUARANTEED** for the first breeding season.

The offering will also include 160 outstanding commercial bred females consigned by Pyramid Beef customers. Many of the females selling are AI bred. Those not AI'd are bred to Pyramid Beef bulls and sell in short calving windows. All females selling are confirmed pregnant with calving date ranges specified with the listed lot in the catalog. Please note the various consignments following the bulls listed in the catalog. The female portion of the sale will be a video sale. A gate-cut sample of the female lots will be available sale day for your inspection. Videos of the heifers selling will be available on our website at [www.pyramidbeef.net](http://www.pyramidbeef.net). Arrangements can be made with any of the consignors to view cattle prior to sale day. Contact information is listed with each consignment and lot.

We thank you again for your interest and invite you to give us a call with any questions you may have. The bulls can be viewed any day prior to sale day at the new development center located at Frederickson Ranch west of Spearfish. Contact information is available with each heifer lot listing. - *Pyramid Beef*

# Sale Day Details

**Cattle Viewing:** Bulls may be viewed at Frederickson Ranch, west of Spearfish, S.D. Call anytime for directions or a consult.

**Sale Terms & Conditions:** All cattle sell under the standard terms and conditions of the American Angus Association and the American Hereford Association. Terms of the sale are cash.

**Sale Order:** Bulls are cataloged in sale order; however, the Herefords and the bull calves will be intermixed throughout the sale.

**Herd Health:** The bulls have had a complete herd health program. Prior to sale day, they have had another round of Vira Shield 6, Fusoguard (Foot-rot), Dectomax Injectable and Pour On for lice control. All bulls have gone through a breeding soundness exam.

**Lunch:** Please join us for a complimentary lunch before the sale at Frederickson Ranch.

**Genetic Defects:** All cattle selling are guaranteed free of any known genetic defects.

**Delivery:** Pyramid Beef is offering free delivery on all bulls sold within 300 miles. Receive a \$50 discount per bull if you haul your own sale day.

**Videos:** Visit [www.pyramidbeef.net](http://www.pyramidbeef.net) for videos of the bulls.

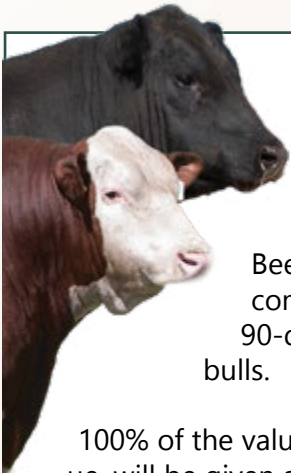

**Accommodations:**

Comfort Suites, Spearfish, SD  
(605) 642-3003

Holiday Inn, Spearfish, SD  
(605) 642-4683

Black Hills Lodge Best Western,  
Spearfish, SD  
(605) 642-7795

The Lodge, Deadwood, SD  
(605) 584-4800

## The Pyramid Guarantee

**Guarantee:** All bulls selling for \$3,000 or more will be unconditionally guaranteed for one full breeding season by Pyramid Beef. This unconditional guarantee is all encompassing. Breeding season is defined as the 90-day period following the first turnout of the bulls.

100% of the value of the injured bull, minus full salvage value, will be given as credit in a future sale or toward a replacement bull if one is available. Salvage value, if any, belongs solely to the buyer. All injured bulls must be diagnosed by a veterinarian. Please notify us as soon as possible should injury occur and prior to the injured bull being sold for salvage. All claims must be made by Sept. 15, 2019.

# *Angus Bull Offering*

# Angus Reference Sires

In order to best serve our growing and dedicated customer base our selection of herd sires is paramount each and every breeding season. Our mission is to utilize genetics that keep us true to our core principals of creating exceptional cattle for the western short grass region. We want as much performance as is practical while keeping our cows moderate and fertile to fit our range conditions. First and foremost, the bulls we opt to use must have the correct foot and leg structure, be deep bodied and possess easy fleshing phenotype. We choose herdsires that stem from pedigrees that excel for maternal instincts and udder quality. The bulls referenced in this offering have met our strict criteria and we are confident in their offspring meeting the goals of your operation.

Resource is a uniquely powerful bull in that he sires nearly unmatched performance and pay weight in an efficient and moderate framed package. The sons and grandsons are wide based, thick ended cattle that push the scale down at all measurable junctures. The young daughters are deep sided, easy fleshing cows that are nice uddered, sound footed and good tempered.

Packer is a sound, thick, long made bull that is an efficient breeder and whose progeny weigh heavy and possess good dispositions. He stems from the tremendous Estrada cow family at 21 Angus Ranch in North Dakota. His first daughters indicate that he should improve udder quality. Of the sampling we have on hand, they've all produced stout, heavy calves as two year olds.

Command is a sire that has been heavily used in our program for the last three years. This will be the first set of sons to sell in our sale. Command is a calving ease sire that was brought in to add some marbling genetics without sacrificing the type and kind we are striving to produce. The bulls are stout, rugged and exhibited excellent performance relative to their moderate frame size. We will calve the first daughters out this spring. They are deep bodied, soft made and have a real maternal look.

Junction is a calving ease sire that was brought in to the program after viewing his daughters in production at Koupal Angus. Junction sires moderate-framed cattle with adequate muscle shape and appear to flesh well, while also being known for outstanding udder quality. To top it off, Junction is a -4.4 on birth weight and a +19 calving ease direct. We used him on both heifers and cows with no calving trouble. To our surprise, the Junction calves exhibited plenty of performance for a light-birth sire. If you're looking for easy-keeping, calving ease genetics, take a hard look at these Junction sons.

This proven sire was used to incorporate reliable, rancher proven genetics into our herd and serve as an reliable outcross. Chisum sons have been very well accepted in our region by cattlemen that demand efficiency and unpampered performance. His sons and grandsons in this sale are heavy muscled, deep-made beef bulls. His daughters as two year olds for us have done very well and are raising quality calves.

Steadfast is the sire to several of the bull calves selling. He was purchased in the spring of 2017 at McCumber Angus in partnership with ST Genetics and Koupal Angus. Steadfast was added to our program due to the sheer cow power behind him. Both his dam and granddam are Pathfinder cows for McCumber Angus, which is one of the premier maternal herds in the country. His first calves hit the ground this spring with tremendous calving ease and after weighing them this fall, we are pleasantly surprised with the amount of performance in the calves. The heifer calves exhibit depth of body and muscle shape in a very eye appealing package. The majority of his bull calves selling are safe to use on heifers.

# Flush Brothers, Lots 1-4

**LOT 1 • PYRAMID RESOURCE 7022**

**Lots 1-4** represent a powerful set of flush brothers out of Glacial Blackbird Eve 5W who records progeny ratios of 111 for weaning and 113 for yearling. As you can see from her picture below, she is loaded with depth and capacity. She is a cow that adds true performance with out adding frame. If adding pounds is your objective, then look no further.

# Flush Brothers, Lots 24-27

LOTS 24-27 represent a group of flush brothers out of Glacial 050 Missie 33Z. 33Z records progeny ratios of 107 for weaning, 111 for yearling, 114 for Marbling and 103 for Ribeye. 33Z is a very long bodied powerful cow that exhibits a near perfect udder. The tombstone daughters are some of the oldest and most productive cows on the ranch.

ANGUS

• Suitable for heifers

We give thanks to the Lord for the abundant moisture we received this summer.

*Yearling Bull Offering* This is the first year Pyramid Beef will be offering a selection of bull calves for your visual appraisal. The reason for this addition is to accommodate some customers that would like to run yearling bulls on their heifers and/or are not able to winter an older bull. They will sell with the same unconditional guarantee as all of the older bulls selling. There are 5 Herefords and 15 Angus bull calves. The bull calves selling are February born and the majority of them are embryo transfer calves that come from the group of cows that run on our forest lease in the Black Hills. After the sale these bull calves will remain at Pyramid Beef bull development center and be fed free of charge, semen tested and delivered sometime after April 15, 2019. Video footage of the bulls is available on our website, [www.PyramidBeef.net](http://www.PyramidBeef.net).

## Flush Brothers, Lots 83-86, 87-88

**LOTS 83-88** represent a group of flush brothers out of Glacial 8646 Missie 148X. 148X records 5 calves at 105 for weaning and 104 for yearling. 148X is one of the smaller cows on the ranch; however, she transmits as much muscle shape and true performance as any cow on the place. 148X is a perfect footed cow and at the age of 8 she will again wean off the heaviest bull calf of the 2018 calf crop. We have used several of her sons back in the herd.

## Flush Brothers, Lots 95-96

**Lots 95-96** represent a group of flush brothers out of Glacial 4R Blackbird Eve 67T. She records 8 calves at 107 for weaning and 105 for yearling. 67T is the mother of the great 5W, the highest income generating Angus cow on the ranch. 67T was flushed several times to generate more daughters to put back in the herd. They are highly productive cows that breed back and excel on our western short grass environment. In addition 67T has sold several sons in past Pyramid sales.

It's ALL about the *Cows!*

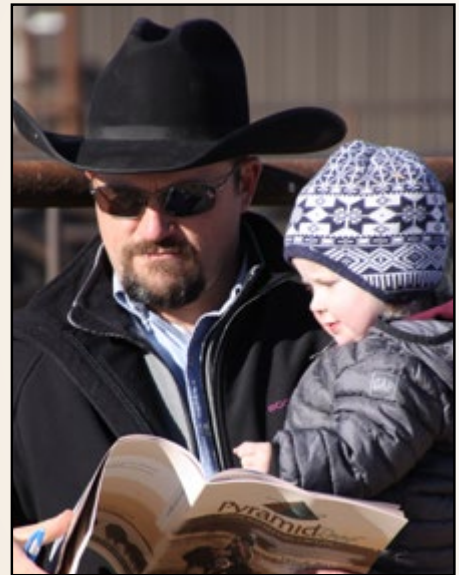

Here at Pyramid Beef we want you to know that we live by that statement. The cow is at the forefront of all our breeding decisions. Whether we're selecting bulls to add performance or inject carcass traits, we do our due diligence to ensure that our breeding decisions will leave a positive influence on the mother cow. We demand cows that convert efficiently on grass, calve easily, breed back in a timely fashion and look damn good doing it!

*Thank you to all of our valued customers*

ANGUS

# *Hereford Bull Offering*

# Hereford Reference Sires

Our philosophy in breeding Hereford cattle has always been to produce the type and kind that fit the needs of our industry and are customized to excel in our environment. Disciplined attention is given to finding sires that produce females that remain moderate and are easy fleshing with sound structure. We pride ourselves

on having cows with exceptional udder quality and the ability to produce adequate levels of milk. We expect our Hereford bulls to compliment our customers who run Angus based genetics and serve as a genetic option for those wanting to incorporate the many advantages of heterosis.

Resident herd sire 322 is a proven calving ease sire back by a strong maternal pedigree. 322 has had 366 progeny reported and they are below average for birth weight and above average for weaning wt. 322 consistently sires length of body and muscle shape. We have calved his second set of daughters and couldn't be happier. They are great mothers with consistent udder quality and wean off big calves. 322 is owned with Genex AI Stud and Coyote Ridge Ranch.

A calving ease sire from Select Sires and Accelerated genetics that was used successfully in our heifer AI synchronization program. He is a bull that will truly downsize frame without sacrificing weaning weights. Built Tough is in the top 2% of the breed for scrotal size, maternal calving ease, udder suspension and teat size. We have an excellent set of Built Tough sons in the sale. They are low birth, moderate in frame size, and excel in length of body and thickness.

A Frederickson Ranch herd sire that has truly left his mark in our cow herd. Deadwood is in the top 10% of the breed for milk, teat size, carcass weight and CHB. He consistently sires heavily pigmented cattle that are abundant in muscle shape and will, without a doubt, improve udder quality. If you are looking to inject some ribeye into a maternal set of Angus cows, then this is your bull. Deadwood has 99 ultrasound progeny recorded for a ribeye ratio of 106. His mother is the great 82S cow mother of flush brothers Lots #104 -#107. Owned with NJW Herefords, Sheridan, WY.

# The Hereford Advantage

## HEREFORD-INFLUENCED FEEDER CATTLE ADVANTAGE

- Considering ranch and feedlot performance, hereford-sired calves had a net value advantage of \$45.5/head over Angus-sired calves
  - More pounds per weaned calf
  - Higher average daily gain
  - Significant Feed conversion advantage (Harris Ranch research project - Impacts of Crossbreeding on Profitability in Vertically Coordinated Beef Industry Marketing Systems - completed 2010)
- Increasing feedyard demand for Hereford-influenced cattle
- CHB packer premiums being paid above market highs.

## HEREFORD-INFLUENCED FEMALE ADVANTAGE

- Using Hereford bulls on Angus-based females adds approximately \$514 per cow over a 10-year period
  - 7% conception rate advantage
    - Improved cash Flow
    - Increase herd size
    - More calves to sell
- (Circle A Ranch Research Project - completed 2009)
- Desirable disposition
  - Increased Fertility
  - Increased Cow Longevity

A resident calving ease herd sire at Frederickson Ranch and sire to four of the bull calves selling. Perfecto was purchased from Larry Crane back in 2016 after viewing several of his offspring. They are the type that we are striving to produce: low birth weight, moderate in their stature and loaded with volume and thickness. Perfecto also sires calves that are red to the ground and abundant in eye pigment. For the past two years he has been the most heavily used Hereford sire in our program. His mother is a model Hereford cow that transmits calving ease into her offspring. Owned with Hoffman Ranch, Thedford, NE.

This Frederickson Ranch-owned herd sire has done an excellent job of siring progeny that exhibited exceptional balance and fleshing ability. If you are looking to downsize your cows yet maintain thickness, then take a close look at these sons. We will be calving the first set of daughters this spring and they appear to be the low maintenance kind. Sundance's mother is the 31S cow, flush mother of all the bull calves selling.

# Flush Brothers, Lots 99-103

**LCX PERFECTO 11B ET • SIRE OF LOTS 100-103**

**Lots 99 -103** represent a group of flush brothers out of FHF 10H Victra 31S. 31S records 9 calves at 99.6 for birth and 105.9 for weaning and 15 progeny at 104.9 for marbling. She adds depth and performance to her offspring without sacrificing birthweight. Her daughters in production are moderate framed cows with excellent udder quality. 31s is also the mother of Pyramid Sundance 4053 herd sire to several of the older bulls selling.

# Flush Brothers, Lots 104-107

HEREFORD

**Lots 104-107** represent a group of flush brothers out of FHF 51M Ruby 82S, who records 10 calves at 99.8 for birth, 105.4 for weaning and 18 progeny at 101.8 for ribeye area. As you can see from her picture she is a model beef cow. She transmits muscle shape, length of body and performance. 82S, or "freckles," as we call her, consistently takes away white and adds eye pigment to her offspring. She is the mother of FHF 9279 Deadwood 38Y herd sire to several of the older bulls selling and resident junior herd sire Pyramid Homegrown 5155.

# Commercial Heifer Consignments

In an effort to create additional marketing opportunities for our customers we are once again honored to offer an outstanding offering of commercial bred females from a couple of our valued bull buyers. We could not be more pleased with the quality of cattle that these operations are willing to showcase and market through our sale. These bred females are bred and developed to make

an impact for any operation looking to expand its numbers. The females selling will be marketed via video footage after the conclusion of the bull sale. A gate cut sample of each lot will be penned for inspection sale day. To make arrangements to view the offerings in their entirety prior to December 1st from any of the consignors, contact information is listed for each lot.

**1A**

## **JUSTIN & HEATHER EDWARDS • GILLETTE, WY**

(307) 464-1264 or (307) 660-8628

- 36 F1 baldie bred heifers
- AI-bred to Connealy Black Granite
- Due March 17
- Complete health program from birth to current
- Cake broke

**1B**

- 29 commercial Angus Bred Heifers
- AI-bred to Connealy Black Granite
- Due March 17
- Complete health program from birth to current
