

# RAUSCH HEREFORDS

EST. 1946

SIXTY-FIFTH ANNUAL

## *Bull and Female Sale*

**MONDAY, FEBRUARY 20, 2023 - PRESIDENT'S DAY**  
AT THE RANCH NEAR HOVEN, SOUTH DAKOTA

# *Greetings Cattlemen,*

Welcome to the 65th Annual Bull and Female Sale at Rausch Herefords! We sincerely hope this catalog finds you and your family in good health. We also hope that you're as optimistic and excited about the future of the cattle industry as we are. It appears that we are on the verge of exciting times.

Selecting herd bulls is one of the most important decisions you make for your program. We work hard to offer bulls who are functional and practical with a high level of multi-trait performance in the profit areas. Our summer breeding program utilizes over 35 breed-leading herd bulls. We carefully select bulls to compliment the strengths and weaknesses of the cows in each breeding group. Our program not only takes the EPDs and pedigree into serious consideration, but we also ensure every herd bull proves himself by evaluating the actual performance of his offspring in the herd. This allows us to present the most proven, consistent genetics to our customers.

Rausch cows have a track record that speaks for themselves. Developing Dams of Distinction remains a priority for us since efficient, fertile and productive females are the foundation of any successful cattle herd. We have high expectations for our cows - the first-calf heifers often raise bull calves that sell in the sale as yearlings.

In memory of Gary, two \$500 heifer grants will be awarded again this year. To qualify, the bidder must be under 21 years old and registered to bid on sale day.

Thank you for your interest in our program. If you have questions or can't attend the sale, we are happy to help select bulls and heifers to fit your program. We certainly appreciate your past business and look forward to discussing how to meet your program's needs this year. We hope to see you on sale day!

Sincerely,

*The Rausch Family*

(Left to right): Sue & Shannon Rausch, Peter & Melinda Rausch, Kaitlyn, Levi, & Michael Rausch, Christine & Jacob Rausch

# Sale Details

## INSURANCE

Rausch Herefords will pay ½ of the premium for mortality insurance for one year if purchased at the time of settlement. Martin-Trudeau Insurance will be on hand sale day for your livestock insurance needs.

**Martin-Trudeau**

605-996-3106 or 800-450-3106

## RAUSCH GUARANTEE

All bulls are guaranteed as sound and healthy breeders at the start of their first season. Bulls will be given an unconditional first season breeding guarantee. If an injury occurs in the first 90 days of breeding, the buyer will receive credit, minus salvage value, towards a future purchase or replacement bull. All injured bulls must be diagnosed by a veterinarian. Please contact us as soon as an injury occurs.

## DELIVERY & WINTERING

Rausch Herefords offers free delivery throughout SD and ND. Receive a \$100 discount per bull, \$50 per registered heifer and \$20 per commercial heifer if you haul your own on sale day. For deliveries, we will coordinate loads at our convenience. If you're unable to take delivery on your cattle by April 1, we will keep them for a cost of \$4/hd/day until they are picked up or delivered. Rausch Herefords will facilitate trucking to central points over 250 miles.

## RETAINED INTEREST

Rausch Herefords will retain ¼ interest and semen use in herd on any lot in this sale. The interest retained will not affect your use or schedule.

## PRIVATE TREATY BULLS

Check out our year-round private treaty bull offering featuring a nice selection of low birth weight bulls with the correct phenotype to fit your first-calf heifers.

## EPDs

Catalog EPDs were current as of 12/23/22. All genomically tested animals will have the GE EPD logo next to their information. If any bulls are known carriers of genetic defects, it will be noted in the footnotes.

# Sale Details

## LOT INFORMATION

- **SC:** Actual scrotal measurements (cm) in December, 2022
- **BW:** Actual birth weight (lbs)
- **Sale WT:** Estimated using actual weight (lbs) in December & calculated on an individual rate of gain.
- **DOD:** Dam of Distinction
- **SOD:** Sire of 7 or more DODs
- **CHB: Certified Hereford Beef Index** is a terminal sire index that is built on a production system where Hereford bulls are mated to mature commercial Angus cows where all progeny will be targeted for the finishing phase. This index uses Carcass Weight, Marbling, Rib-eye Area, Average Daily Gain, Dry Matter Intake and Back Fat.
- **BMI: Baldy Maternal Index** is a maternally focused index that is based on a production system that uses Hereford x Angus cross cows. This index uses Sustained Cow Fertility, Weaning Weight, Mature Cow Weight, Milk, Dry Matter Intake, Carcass Weight, Marbling and Rib-eye Area. This index is geared to identify Hereford bulls that will be profitable when used in a rotational cross with mature commercial Angus cows.
- **Total \$ Index** is a unique calculation for total genetic merit. This index uses our own formula to calculate the AHA values from each EPD trait and creates a TOTAL \$ index.

## VACCINATION PROGRAM

- 6 weeks of age - Inforce 3, OneShot BVD, Ultrachoice 7 & Dectomax pour on
- 3 weeks pre-weaning - Bovi-Shield Gold One Shot, Ultrabac, 7/Somubac, poured Dectomax
- Weaning - Resvac 4/Somubac, Dectomax injectable
- Pre-sale - Poured with Clean Up II insecticide
- All sale heifers have received Bovi Gold VL5 Pre-Breeding vaccination and BANGS tag.

**Dr. Steph Smith, Veterinarian:** (605) 690-4551

## TERMS & CONDITIONS

- Each animal will be sold to the highest bidder. The auctioneer will settle any disputes as to bidding. Terms of all sales will be cash or unless arrangements are made between purchaser and seller prior to sale. Corrections or additions of any information contained in the sale catalog will be announced from the auction stand and will take precedence over any printed material.
- The animal becomes the property of the purchaser as soon as sold, but it shall be the responsibility of the seller to see that animals are properly cared for until delivered to the purchaser. Any death or injury after the animal is sold is at the buyer's risk.
- Anyone attending this sale attends at their own risk and without liability on the part of the owners or their employees.
- Individual health papers will be furnished with each animal permitting shipment to any state.

# Recognizing the Best

## WHY DAMS OF DISTINCTION ARE CRUCIAL TO THE SUCCESS OF OUR HERD

A cow receiving the Dam of Distinction honor is a cow that meets the highest standards of commercial cattle production. Only a few active cows are recognized. All heifers have the potential to be a Dam of Distinction, but only a small percentage fit the job description of an ideal cow year in and year out.

To qualify, a cow must have:

- Produced at least three calves.
- Initially calved at 30 months of age or less.
- 370 day calving intervals (400 day as a heifer).
- Average progeny weaning weight ratio of 105 or higher.

## MARKETING ASSISTANCE

Marketing your cattle is an important decision, especially if it only happens once or twice a year. If you're looking for new potential buyers for your cattle, let us know 1-2 weeks in advance of your sale date and we will inform a group of feeders and cattle buyers. Rausch Hereford genetics have become known as extremely feed efficient, high grading cattle with added performance. Many Rausch influenced cattle go through the Greater Omaha 1881 Program - they are always looking for more! With the female market primed to take-off, be sure to let us know about breeding quality females and we'll do our best to help promote them to interested buyers.

## WHY RAUSCH BULLS?

Rausch bulls are bred and developed to make rugged, athletic breeding bulls that last season after season. Our cattle are culled rigorously and expected to perform! We have large contemporary groups where we perform ample DNA testing, collect ultrasound data, and weigh and measure precisely. We ardently strive to produce consistent, balanced cattle that have reliable performance traits. See how we compare to the breed...

# TWO-YEAR-OLD BULLS

*Lots Seventy through One Fifty Eight*

The spring two-year-old bulls are born in the late calving group in April/May. They are slowly grown on a high roughage diet through the first winter and graze on pasture the following summer. This ensures they develop as rugged, athletic breeding bulls for your program. They are ready for heavy service this spring.

TWO-YEAR-OLD BULLS

# REGISTERED HEIFERS

*Lots One Sixty One through Two Hundred*

These heifers are selected from the heart of our replacement pen. In this group, there are heifers from most of our herd bulls so you can see the females they produce. Some of them can show, but mostly they are powerful and maternal made. We hope they will prove to be valuable breeding pieces in your program.

REGISTERED HEIFERS

#1 DAMS OF DISTINCTION HERD

# REGISTERABLE OPEN HEIFERS

Heifers are sold in groups with the option of picking one or more.

The highest bidder can pick from the pen or purchase the remaining group for the same price.

Add \$40/hd at settlement and we will register them for you.

Index values on registerable heifers are an average of the sire and dam.

*CEZ - Calving Ease Index is an index developed to express overall calving ease. This calculation is used only within Rausch Herefords.*

*We use CED, BW, and CEM EPD's to determine \$CEZ.*

# REGISTERABLE OPEN HEIFERS

Heifers are sold in groups with the option of picking one or more.

The highest bidder can pick from the pen or purchase the remaining group for the same price.

Add \$40/hd at settlement and we will register them for you.

Index values on registerable heifers are an average of the sire and dam.

*CEZ - Calving Ease Index is an index developed to express overall calving ease. This calculation is used only within Rausch Herefords.*

*We use CED, BW, and CEM EPD's to determine \$CEZ.*
