Welcome to our
34th ANNUAL PRODUCTION SALE

This past year has challenged the best of us. Many of us were forced to make changes in our operations due to weather and feed availability. One thing that hasn't changed here at Rees Brothers is our commitment to breeding good sound cattle. Genetic research has changed the way we breed and select cattle. It is our goal to provide you with genetics that will enhance your potential for success.

We continue to add genetics to our program from some of the most reputable breeders in the industry, to improve and compliment a proven cow herd built upon fertility, soundness and optimal performance for our environment.

This year we have introduced a select number of Registered Black Hereford bulls that we feel will compliment our program and ultimately help our customers put more money back in their pockets by maintaining a black hided progeny.

We hope the quality, affordability, and guarantee will make you a repeat customer for years to come. Please feel welcome to stop and view the offering or visit our website at reescattle.com.

Thanks,

REES BROS.
