38TH ANNUAL PRODUCTION SALE

Welcome to our

2026 Annual Production Sale

We want to welcome everyone to our 38th Annual Production Sale on Feb. 13th, 2026, at 1 p.m. here at the ranch.

We sincerely appreciate our customers over the years that have supported this program and have helped to make it what it is today.

Our plan is to continue to offer quality that will keep you returning for years to come and will give the desire to want to add more Rees Brothers genetics into your program.

The cattle market has been strong and we have all been grateful for now and the times of prosperity that lie ahead. Optimism has never been higher and cattle numbers haven't been this low since the 1960s. Anyone in this industry knows how much blood, sweat and tears goes into raising cattle. From the sleepless nights you spend calving them; until the time you get that calf contract is endless work. We commend those that continue to do this year after year. We only hope that we can continue to set the example for the next generation to follow in our footsteps and keep these ranches alive.

Here at Rees Brothers we believe that these cattle will hold up in any condition or environment, while still performing and excelling in fertility and soundness. These cattle are not creep fed. We do not believe in pushing these cattle hard to grow to make them appear like something they are not. The cattle are ranged at pastures that go up 9,000 ft in elevation. After weaning, these calves are placed on a healthy maintenance growing ration until sale day. Sound feet and legs are a must have here. The cattle are culled without discretion when it comes to this. These bulls need to be able to travel and perform to ensure that your cows come home with calf.

We have sought after and purchased some of the best and most up to date genetics that the industry has to offer. We do this to ensure that these cattle are sound, easy doing and hold up in any conditions.

We hope that the quality, affordability and guarantee of these bulls will exceed your expectations. Bulls are available for viewing here at the ranch at any time prior to the sale and videos of the bulls can be found online at Reescattle.com.

Please join us here at the ranch for this upcoming sale and see for yourself the quality that we have to offer.

The Sale will also be available for viewing and bidding online through Live-Ag.com.

Thank you,
Rees Brothers

SALE INFORMATION

Terms and Conditions

Cash and/or check is acceptable. Each animal will be sold to the highest bidder. The auctioneer shall settle any dispute as to bids. No cattle will be released until after settlement has been made. The responsibility for liability is transferred to the buyer upon payment. The utmost care will be given to all animals until delivery, but delivery itself will be at the risk of the buyer.

Absentee Bids

If for any reason you are unable to attend this sale and would like to bid on any of the lots, please visit live-ag.com. Contact Jake Rees at 801-668-8613 with any questions.

Health

Every animal in the sale is, to the best of our knowledge and preparation, free from any disease or defect and can be transported across any state line. All sale cattle have been vaccinated with an 8-way Clostridial vaccine and 4-way Respiratory. All bulls have passed a breeding soundness exam including a negative trichomoniasis test.

Guarantee

Rees Brothers has always had a long term goal of breeding sound, productive, and trouble free cattle.

We guarantee these animals to be sound breeders. Any bull that cannot pass a fertility/breeding soundness exam after being in the possession of the buyer for 8 months will be guaranteed 100%.

In which case a full refund will be given, or a credit to any future sale, or if available another animal of equal value will be furnished. Any problem with any animal needs to be brought to our attention within 8 months of purchase and verified by a certified veterinarian. Rees Brothers reserves the right to bring the bull back to verify any claim.

In that same time frame, if injury or death loss occur Rees Brothers will guarantee and/or refund 50% of the original purchase price of said animal minus any salvage value and/or a credit at a future sale can also be applied. We strongly encourage mortality insurance on your purchases.

Any related questions or concerns with this guarantee please don't hesitate to give us a call.

Registration

All cattle are registered and can be transferred to the buyer at the seller's expense, black baldies excluded.

Announcements

All announcements from the auction block will take precedence over any printed material in this catalog or any and all other supplements.

Delivery

Free delivery up to 150 miles on a \$3,500 purchase. Bulls picked up within a week of purchase will receive \$60/head off the purchase price. 5% discount on purchases of 5 bulls or more.

Liability

All persons attending this sale do so at their own risk. Rees Bros. assumes no responsibility for injury or accident.

- This bull was our pick from Churchill's program in 2022. His genetics are a unique outcross for most Hereford breeders. He's big bodied and thick down his top.
- He weaned off his momma at 863 lb. His maternal side is also a solid foundation of some very powerful females. Lots of maternal and lots of carcass in this bull.

- 15.7 inch ribeye, 41 cm. SC
- The top selling and leadoff bull in the NJW Polled Herefords 2020 Sale.
- Extra shape, substance, style and length make this young herd sire one of the most dominating bulls! Big-hipped, big-topped, big WW, big YW, big scrotal with excellent carcass and very acceptable birth EPD 0.2, and a high CED of 11.0! Sire, Zane, offers high carcass traits and ability to add meat. Cow power on both sides of this pedigree is endless. His dam is a full sib to Might and Heavy Duty, both top bulls in the NJW Polled Herefords program.
- Semen: \$30/Straw; \$70/Certificate

- This bull is hard to miss. Very complete and out of a cow we thought needed to be a donor in our ET program. Great set of EPDs.

Take advantage of hybrid vigor by capitalizing on Hereford genetics.

The Maternal Advantage program generates females with added longevity, more docility, increased fertility and more profit per year.

Can be utilized by producers using Hereford bulls on British-based cows or Brahman-based cows in their breeding program.

Producers utilizing the program will have access to a sire EPD summary, added market exposure, replacement selection tools, genetic improvement tools and access to AHA resources, marketing and staff.

Qualifications

- Producers must verify that eligible females are sired by registered Hereford bulls with transferred ownership.
- Participating bull batteries must rank in the top 50% of the breed for Baldy Maternal Index (BMI\$) if used on British-based cows or the top 50% of the breed for Brahman Influence Index (BII\$) if used on Brahman-based cows.
