77 top breeding two-year-old Bulls

15 impressive yearling Bulls - all bulls are
scored for Calving Ease and Carcass traits

75 feminine Heifers - ready to produce
outstanding calves in your herd

AUCTIONEER:

Joel Birdwell, Kingfisher, OK405/368-1058

AMERICAN HEREFORD ASSOCIATION:

Alex Acheson, Elk Point, SD785/366-1185

LIVESTOCK REPRESENTATIVES:

Jake St. Armant, Tri-State Livestock News...308/568-9084

Jim Gies, Western Livestock Journal970/590-0500

Alan Sears, Western Ag Reporter.....970/396-7521

Art Handel, Handel Marketing.....605/391-8233

Marc Hotchkiss, Hereford America605/210-1956

VETERINARIAN:

Russ Rice, DVM, Rice Vet Service.....308/870-6761

Siera Rush, DVM, Rice Vet Service308/212-0556

ACCOMMODATIONS:

Motel 4, Callaway308/836-2226

Winfield Inn & Suites, Arnold308/848-2462

AIRPORTS:

4,200' paved landing strip at Broken Bow.

Commercial service: North Platte, Kearney & Grand Island

SELECTION ASSISTANCE:

Contact us or any of our Livestock Representatives.

DELIVERY:

Free Bull delivery on purchases of \$5,000 or more to one buyer at one location within a 250 mile radius if Ridders make the delivery. We will cooperate on further distances.

SELF-HAUL REBATE:

\$100 rebate on bull & \$20 on heifer purchase prices if hauled sale day or picked up within one week. Buyers hauling out-of-state – we'll pay your fuel cost above \$100 on your trip home.

INSURANCE:

We will pay half of your insurance premium on any bull purchases you make. You pay 2%, we pay 2% for a six month policy. For a one year policy your share is 4%. We highly recommend this. The self-haul rebate goes a long way toward paying for your insurance.

HEALTH:

All cattle are sold in good health and breeding condition on sale day. Two-year-old bulls: poured with Dectomax, semen tested, and scrotal and pelvic measured. Buyer will receive semen papers after the sale. Yearling bulls: buyers have option to leave their purchases for us to semen test as soon as possible. Heifers: Bangs vaccinated, have not been exposed to a bull, ready to go to any state.

BULL BREEDING GUARANTEE:

We guarantee the first 60-day breeding season. In the event an adjustment is necessary, it will be made with a suitable replacement or credit in the next Ridder sale. No adjustments after 6 months.

Every effort has been made to produce a mistake-free catalog. Announcements from the block will trump catalog notes.

mailbag@RidderRanch.com
www.RidderRanch.com

RANCH DIRECTIONS:

From Callaway: 6 miles west on Hwy 40 to our red ranch sign, then 2 1/4 miles north.
60 miles northeast of North Platte, 70 miles northwest of Kearney, 30 miles southwest of Broken Bow, 140 miles southeast of Valentine.

CALVING EASE

We've ranked our bulls as follows:

- ★★★ Foolproof
- ★★ Extremely desirable
- ★ Recommended

10 of our yearling bulls are ease of birth specialists.
69 of our two-year-old bulls are calving ease bulls.

These rankings are based on the actual birth weight of the animal, his dam's overall birth weights on her calves and other physical and data driven information. We feel confident in making these recommendations and in your knowledge of your cows and heifers

The averages of our Actual BW for:

- 3 ★ is 70.2 pounds
- 2 ★ is 75 pounds
- 1 ★ is 81.4 pounds
- No ★ is 86.2 pounds

Dams of Distinction / GrandDams of Distinction:

Every year the American Hereford Association announces its Dams of Distinction. To be a DOD, a cow must calve as a two-year-old, have produced at least three calves, have superior calving intervals and have progeny with an average 205-day adjusted weaning weight ratio of at least 105. DOD's and GrandDOD's go deep in our cow herd. This year we were ranked #4 on the U.S. list of DOD cows.

We provide:

- ★ Actual BW, Adjusted WW and Adjusted YW Performance.
- ★ Birth, weaning, yearling and milk EPDs.
- ★ Calving Ease ratings (see below left).
- ★ Carcass information including numbers and ratings (see below).
- ★ Dam's MPPA.

Supplement sheet on Sale Day will include:

- ★ Sale Day weights on all cattle.
- ★ Scrotal & Pelvic measurements on all bulls.

CARCASS RATING

- ★★★★★ Top of the Breed (top 20%)
Most genetic improvement attainable.
- ★★★★ Breed Leader (second 20%)
Provide excellent genetic improvement.
- ★★★ Excellent (third 20%)
Good genetic improvement.
- ★★ Good (fourth 20%)
Average for all ultrasound Hereford cattle, thus upper part of the breed.
- ★ Acceptable
Herefords that still rank above U.S. beef population for carcass value.

WELCOME!

Whether you're new to our operation or have known us for many years, we thank you for trusting us to provide your Sires and replacement Heifers. We know this is more than a financial investment for you. Using our Bulls and Heifers will set the direction for your future cow herd and their offspring.

This year we have a mix of experienced Herd Sires and new-to-our-herd Sires. You'll notice some recurring themes in our comments on both the Herd Sires and the sale cattle. The words thick, growth, performance, pigment, maternal, DOD/Dams of Distinction, marbling, cow family, and ease of birth are all over these pages.

If you want to know what we raise and what kind of cattle pass the muster here, those words will tell you. The cow herd, our factory, is paramount in producing the kind of Bulls and replacement Heifers you need and want. It all starts there. We pay attention to carcass and maternal traits. We want cattle that will give you plenty of sale weight pounds, and we want them to come easy on calving day.

In addition to that we're proud of our DOD cowherd. To be ranked #4 in the nation is humbling. Notice too the high percentage of Bulls we list as Herd Sire potential. This is a special sale offering with quality running deep. You know there wasn't an over abundance of grass this summer and still these cattle performed well. As the old saying goes, it needs to be bred in, not fed on.

And finally, a lot of people don't talk about it but we just take it for granted: disposition. Our breed has always been known for this. Our customers comment on it often ... they can trust our cattle. That's a financial and personal blessing.

We look forward to your calls, your visits and seeing you Feb. 2nd. If you take part online, we'll look forward to visiting with you after the sale. Best wishes in 2023!

Sincerely!

John & Mary Ridder and Family

MPPA - Most Probable Producing Ability

Measures individual performance, plus the Dam's and Grandam's progeny. A good predictor of how an animal will produce. A 100 MPPA means she is on average for this herd only. It does not take in DOD gestation intervals.

Calving Ease - CE

After pelvic measuring our Heifers for 40 years, we learned you can have a good-sized, vigorous calf and NO calving problems by paying attention to the shape of the Sire, particularly his head and shoulder shape. You do not have to downsize your cattle to achieve CE. That's why many of our customers trust our C.E. and BW's to best aid them.

We recommend our 1, 2 and 3 Star Bulls for first service based on several factors including their sire, their dam and their own BW plus their BW ratios on their many progeny. ANY of these Bulls can be used on average sized cows.

\$\$ Indexes -

\$\$ Baldy Maternal Index (BMI) is a maternally-focused index based on using Hereford bulls on Hereford x Angus cows with offspring going into the branded Certified Hereford Beef (CHB). Emphasizes fertility, CE, WW, IMF and REA with slight negative pressure on yearling weight to keep the mature size of cattle manageable.

\$\$ Certified Hereford Beef (CHB) is a sire index based on using Hereford Bulls to sire calves for the CHB market. Some emphasis is applied to CE with positive pressure on WW, YW, IMF, REA. No emphasis on fertility.

A note on other numbers we provide: actual BW, adjusted WW and YW. EPD's for BW, WW, YW, Milk, REA/Rib Eye Area and IMF/Marbling. It can be challenging to consider all these along with the Bull or Heifer in front of your eyes. Using our Calving Ease and carcass EPD scores, and the MPPA # - all together these are truly useful along with categorizing carcass by 5 ranges for REA & IMF, not just predicted EPD numbers.

First crop of calves from our 2021 Calgary Sire choice. They are thick, solid boned and very uniform cattle. Most have double eye pigment. 87G's Dam is very good uddered and the right size for our program. His first EPD's are quite naïve...they'll get a huge boost when our yearling reports come in late March. 87G is impressive to view. Used on 44 cows this summer, and left only one open. We are really pleased with his calves. Selling 11 calves.

Timeline of Ridder Hereford Ranch

Theodore & Elizabeth Ridder move their family from northeast Nebraska to west of Callaway.

1 in 6 Hereford registrations came from Custer County, NE, according to former American Hereford Association Executive, Bud Snidow.

John graduated from CSU in Animal Science and Ag Econ.

National Western Stock Show Carload show is established.

Theodore's first Carload to National Western Stock Show.

Paul Ridder born at the ranch.

John built sale barn on north ranch.

1907 1915 1940's WWII 1971 1973

1908

1920

1941

1952

1972

Custer County and Callaway populations: 26,407 and 833.

Paul's second Carload at National Western Stock Show.

Paul died in a ranch accident. John takes over management of the ranch.

First Hereford Sire:

Astor 128637
Thos. Clark, breeder

Rector 334160

Benger & Decker, breeder

Mabel Bellringer 117599

S.B. Farm Co. breeder

First Line 1 sire, 1002, purchased in 1973.

Metric (L1 Domino G081) wins National Western Stock Show on the Hill.

John judges Calgary Bull Show.

116th year in business, thanks to our customers who are the best in the world.

John & Mary are married.

Ranch Centennial. Ridder means "Knight" in German.

#4 on the American Hereford Association's Top 20 Breeder's List for 2022 for the most Dam's of Distinction.

John's first Carload at National Western Stock Show. Reserve Champion in class in the days when the classes were huge.

Our Star System

We score every Bull in our sale catalog for Calving Ease, and have this score on his ear tag, as well as in this sale catalog next to each animal's pedigree.

We hope this tool will assist you in selecting for Bulls to use on first service for your Heifers. Bulls with no star simply means he is recommended for use on cows only.

You can easily choose and remember these Bulls at turnout time in subsequent years without referring to your catalog.

*Here are examples of the 4 types of tags a Bull may have.
Page 2 also has our First Service bull explanation.*

3 Stars =
Foolproof,
