The

Strategy

BULL SALE

Welcome

to Sleepy Hollow Farm!

We are pleased to offer up the third edition of "The Strategy Sale"! For us this one is extra special for a lot of reasons, in May of 2024 we had two new college graduates in our midst. As a lot of things in agriculture are measured in seasons, it has been great to watch Trevor and Tate go from kids on the farm to adults in the industry. Wherever their path takes them, it will surely have twists and turns just like it has for Jeanne and I, but we have no doubt they will take our operation farther and into different places than we could imagine. We look forward to their continued impact here that is for sure!

Let the Strategy in our business help you in yours! As one rancher once told us "There should be a Hall of Fame for the F-1 Baldie Cow!" and we couldn't agree more. In modern beef production, there may not be a more versatile and valuable breeding piece. We take great pride in participating in the Angus and Hereford breeds, and enjoy the challenge of making them relevant to today's cross-breeding demands. Our principles are simple: breed for balance, uniformity, and longevity; with those things in place profitability will follow.

Please contact us with any questions you may have, and we welcome visitors at any time! We hope that you find individuals in the offering that can help be a part of your operation's business strategy!

Terms

Any announcement from the auction block takes precedent over printed material. The Auctioneer will settle any bid disputes. All persons attending the sale do so at their own risk, Sleepy Hollow Farm assumes no liability for accidents, damage, or property loss that may occur.

Settlement at conclusion of the sale. Any purchases order-bought or via online we ask to be reconciled within 10 days. **Each animal is at the buyer's risk immediately after it is sold. For a "money-back" refund, we strongly recommend purchasing insurance. Also see our Breeding Guarantee on Page 13.**

Volume Discount: Buy 2 bulls, 2% discount -- up to 10% on the purchase of 10 or more bulls.

Selling full possession and half semen interest in all bulls. Any semen collection ideally will be done prior to breeding season delivery or at the buyer's future convenience.

Updated data will be available prior to the sale.

As a service to our customers we will keep the bulls at no charge until May 1st. Delivery will be arranged as best suits both parties in the month of May. Feed and yardage beyond the normal delivery period will be \$5/day. **Free delivery to any state bordering South Dakota, shared cost beyond that point.**

The Bulls

We do our absolute best to manage these bulls to display their genetic potential, but also take a lot of pride in preparing them for the long haul. We work with several great consultants on herd health and nutrition, and after a complete health program and a late summer weaning, the bulls have been developed on a 50 mcal TMR ration since Nov 1. We believe that bringing these bulls along on a longer growth curve leads to increased foot quality and fertility, thus more longevity in your program!

Docility – we can write footnotes, take pictures, post videos but we would really like you to walk amongst these bulls on sale day. We know you don't have time for sires or calves with an attitude, so we cull accordingly. We'll challenge you to find a quieter set – especially in the Angus breed.

Guarantee

Three Season Breeding Guarantee!

We understand that your genetic investment is a big purchase. Cattle are sold as guaranteed breeders and will be confirmed by a Veterinarian exam. If an animal fails to be a sound breeder, upon receiving a vet certificate, it will be prorated with future sale credit as follows:

Purchase Price – Salvage Value (\$1,500 even in the case of death) **x Age Factor** (100% 1st season, 65% 2nd season, 30% 3rd season). Buyer retains the actual salvage value. If available, any in-season agreed upon replacement bull will be valued at \$4,000.

We are happy to keep the bulls at no charge until May 1st.
