Fellow Cattlemen,

We would like to welcome and thank you for your interest in our 38th Annual Bull Sale. We continue to be humbled by the successful stories we hear from the people that have bought our bulls.

We continue to strive to produce genetics that will make you more money with less work. For the 1st time that I can remember, we never touched the calf puller or calving chains in the 2025 calving season.

We had an exceptional summer with well above normal rainfall, resulting in belly deep grass. The weaning weights were taken on Aug. 20th and adjusted to 205 days. We weaned on Sept. 23rd. We do not creep!

Again we truly appreciate all the trust and interest in our program. You can view the bulls any time before the sale. If you have any questions, please call 605-484-770.

Thank you!!!

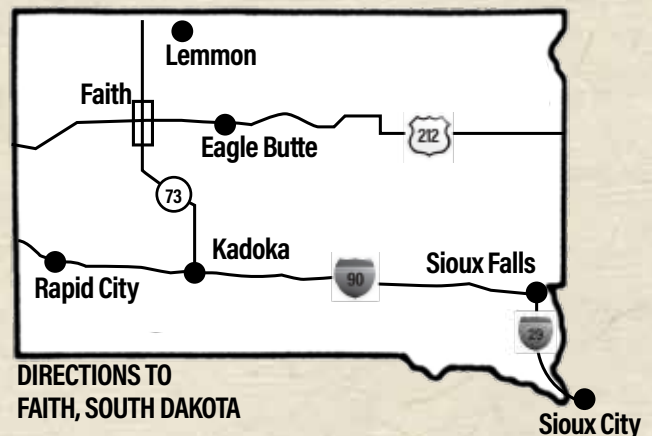

John, Tammy, & Jessica Sletten

## EPD & VALUE PERCENTAGE RANKINGS
