

# STUBER RANCH

**APRIL 21, 2018**

1pm • At the Ranch • Bowman, ND

# Our History...

**John & Katherine Stuber**  
...immigrants!

**J.C. & Anna Stuber**  
...first generation!

**Orville Stuber**  
...second generation!

## **FIVE GENERATIONS STRONG!**

...100 Years with Commercial Herefords,  
87 years with Registered Herefords!

**The second house on the ranch**  
still stands on the ranch today ...see above!

**Orville and Annetta ...the second generation!**  
They lived in the house pictured above.

John Stuber immigrated to America in 1856 from Switzerland, fought in the Civil War and settled in Central Nebraska. He married Katherine Bruckner, a German immigrant. They farmed and ranched near Ravenna, NE.

J.C. Stuber was born in Ravenna and moved and bought a section of land in Slope County, North Dakota in 1909. His wife's name was Anna. He bought the IHC dealership in Bowman in 1935 and moved off the ranch.

Orville and Annetta took over the ranch in 1936 and expanded it in 1940's and 50's. They moved to Bowman in 1960 taking over the IHC dealership and Farm and Ranch Store.

Roger and Richard Stuber purchased the Ranch in 1972. Richard's wife is Lauren. The Registered herd was expanded, backgrounding calves was increased and a retained ownership program on feeder steers, open heifers at commercial feedlots started.

Today Roger, Richard Stuber Trust and Duane Stuber and his family are part owners of the Ranch. Along with their children, we are in our fifth generation.

Come join us for our 50th production sale and as we celebrate 100 years of raising Herefords!

**Family gathered at Medora, ND in 2011**  
Roger's induction into the  
North Dakota Cowboy Hall of Fame

**Orville and Annetta and their sons**  
...(l to r) Russell, Richard, Robert and Roger

**Dick & Lauren ...third generation!**

**Blakelee's first bull sale (2016) with Mom (Sydnee),  
Grandma Wendy and Great Grandma Lauren!**

**Garrett, Sydnee & Blakelee**  
...Wendy's son and family!

## PROGRAM, PRODUCTION, PRODUCT AND PROFILE

*...with quiet dispositions, correct structure, solid markings,  
wide based, good udders, eye pigment!*

## WELCOME TO OUR 50TH ANNUAL PRODUCTION SALE!

This our 50th year of production sales and would like to Welcome you to the Ranch on April 21, 2018 to view the offering, have lunch and to visit with many top cattlemen and

Hereford enthusiasts. For those of you that can't make the sale, please view our website or participate on DV Auctions online or, if you like, be on the telephone.

We have been fortunate to have many longtime customers that have purchased cattle in each of our previous 49 sales ...the Burke family and the Pope family buying cattle in 48 sales. The Rankin, Wolfgram, Rorvig, LeRoy Helbling, Jones, Van Newkirk and Heinrich families have purchased in many of the sales. We thank all past customers for their support and welcome many new ones every year.

Extreme weather has played a big part the last two years. The last two summers have been without much moisture and both winters have been long, snowy and cold. We usually don't creep until late August to ready calves for weaning, but with the dry summer supplemental feed was given to the calves in early July. You have to appreciate what Hereford cattle can do in extreme conditions ...cows bred up, stayed in condition, ate vegetation they normally don't eat and, in the end, weighed off a big calf.

We don't push the cattle the first month to give them a time to adjust to their new surroundings. The cattle will be grown out with their future usefulness in mind.

Many cattle are sold on a first impression. We like to produce cattle that will present a good profile, be fault-free, pigmented, wide based, long spined, good muscle shape with strong performance numbers. We have moderated our birth weight and frame size and kept as much performance as possible and improved carcass numbers.

We have developed a cow herd of working females. We pay attention to the unmeasured traits of disposition, structure, solid markings, eye pigment, as disease free as possible and wide based. Emphasis on challenging the environment, fault-free udders, support the upper-end of milk production, improve marbling and maintain good fertility. Calving ease is big requirement for our operation. All heifers have to calve as yearlings or they go to the feedlot.

We have retained ownership on our commercial cattle for 50 years. Our conversion rate over that time has been consistently 20 per cent better than yard average. When feeding cattle, that is a big advantage and a place where Herefords excel.

Don't forget the importance of the Hereford cow and Hereford-cross females in America's cowherd. Her disposition is the best, longevity is superb, adaptability for all areas and most important she is identifiable. There has never been a greater opportunity for Hereford genetics to have an influence in your herd and the cattle you produce.

It is our pleasure to invite you to the sale. Your interest and support are greatly appreciated. Let us know what we can do to make your selection process easier.

The cattle are for viewing anytime and our cowherd will be close by. We look forward to seeing you sale day or participating online, stop by for lunch and visit with other good cattlemen.

**—The Stubers**

**PS:** Join us Friday night at the Bowman Lodge and Saturday night at the Bowman Country Club for hospitality and food ...details on Inside Back Cover.

### CHURCHILL LDY 7202T

BMI \$24 / CHB \$31

**Nation's #1 calving ease bull** ...calves come 5 to 10 days early, have vigor in their nursing ability. His calves have wide and long loins, thick tops, good muscle shape to the quarter and top line, stand on good bone, nice hair coats and "eye appeal." Daughters may be his biggest asset. Good milk flow, level, small teats, good dispositions and calve early. He's truly the "Answer Bull" to many breeding decisions. Just look at his EPD profile and the many traits in which he excels! Owned with Churchill, Upstream, Van Newkirk and leased to Genex. Semen available through Genex.

Low birth weight sire with good muscle shape, strong top, pigment, wide loin with some good numbers. Stout, thick with good growth, super milk and balanced carcass numbers. 0130X was the top selling bull in Cooper's 2011 sale. Dam is one of Mark's most productive cows. Daughters look very productive with superb udder shape and great disposition. Certainly, gives an EPD profile that can be used in many programs. Works great on the Sensation, Navarro and Yankee daughters. Owned with Churchill, Cooper and Bowen. Semen available.

Congratulations to our partner B&C Cattle Co. (Bill Breeding) on showing a son of STOCKMAN as the overall Champion Bull at the 2018 Denver National Western. To make it even better, his dam is a TOP GUN daughter from semen purchased from us. Moderate framed, he is extremely long, has terrific muscle shape, stands on big bone, moves free with a long stride and presents a good profile. Progeny fit his pattern and he is consistent in his production. Appreciate his fleshing ability, his "look" and disposition. Outstanding cattle in his background. Reports on females are outstanding. Owned with Ned and Jan Ward, Colyer Hereford, B&C Cattle. Semen available.

Growth bull that is massive in his make-up, high performance production, fully pigmented, deep rib and flank. Presents a "cowman's look" with long body and attractive profile. His genetic package is strong and his dam has good production record. Good calving ease out of heifers with all born unassisted. One of the breed's top weaning and yearling bulls. Ideal bull to mate to smaller framed, thick, deep bodied cows. First heifers are calving with plenty of milk and good udders. Had four of the top 10 heifers in the 2017 calf crop. Owned with Knipping and Van Newkirk. Semen available.

"Top End," massive, home-raised breeding bull that is one of Navarro's top sons. A growth bull with good thickness, muscle shape in the quarter and correct structure, he exhibits extra rib shape, stands wide, marked right with pigment, large testicles. Dam, maybe our best cow when you consider profile, production, ideal udder and longevity. Produced the 2009 top selling SR Saga 1137 bull to Upstream and Loehr and now in ET program with Bill Breeding. This guy produces the Rancher's Kind when it comes to his offspring. Limited semen available.

Top selling bull in the fall 2013 Brillhart sale. "Deluxe Cattlemen's" bull that is long and thick down his top, exhibits muscled quarter, stands on strong bone, super-sized testicles and correct in his structure. His daughters are outstanding and making productive cows. Sons breed on and show the shape and structure that all progressive cattlemen like. Factor has good performance, moderate BW and balance to his carcass numbers. Comes from a cow with an excellent production record. *Semen available.*

Semen from Leader was used in our ET program on the 1162 cow, dam of the Foundation donation heifer at the 2016 National Western. You have to like the body view and correct structure of his offspring. Lots of natural muscle, good bone, correct in their make-up and present an ideal profile. The two calves selling, Lots 69 and 96, are sure at the top-end of this offering. *Owned by Rausch, Jensen and Effling.*

BW 88 / ADJ. 205 **699** ■ Clean made, correct, sheath tight, moderate frame and square made. Has some pigment, curly hair and short marked. Shows a strong top line. Dam a low BW, high growth female with solid carcass data and good udder.

# Stuber Registered Heifers

We have lost pasture that our yearling heifers graze on during the summer and have been extremely dry for two years. We will be keeping about half of what we normally keep. This offering of productive females will be the best we have ever offered. Their EPD profile is similar to ones we keep. There will be top-end heifers offered from each sire group. You'll find females that are easy to look at, have some exceptional EPD's, extra milk and, in most cases, good carcass data. They are "Bangs" vaccinated and have had all of their preconditioning and pre-breeding shots. Heifers are in good condition and ready to breed to your bull of choice or, ***if you A.I., we will offer two straws of semen on any herd bull we own to use on the heifers. If you don't pick up semen at the ranch, you will pay shipping costs. Certificates will be based on cost or the price of certificates we have on our partnership bulls.***

EPDs current: March 5, 2018

## Stuber Ranch Commercial Heifers...

The commercial heifers selling are all home raised from our commercial cowherd. Most of the black baldy heifers come from our first calf heifers. A fancy set of broody females with milk, muscle and enough growth, they have been wintered on a growing ration with their future use in mind and will be in just the right condition. They should weigh in the 825 to 900 lb. range. All are Bangs vaccinated and have had all of their preconditioning procedures. They will also have all of their breeding shots by sale day.

**NO DELIVERY is provided on the commercial heifers, but we will be happy to help you make arrangements.**

## TERMS AND CONDITIONS

**TERMS** — Terms of the sale are cash. Every animal will be sold to the highest bidder with the auctioneer settling disputes as to bids. Announced changes in catalog information sale day take precedence over printed material in this catalog. All cattle are the buyer's property as soon as sold and will be cared for a reasonable length of time at the buyer's risk. Neither Stuber Ranch nor any person connected with this sale assumes any liability, legal or otherwise.

**GUARANTEE** — Every animal in this sale is, to the best of our knowledge, free from any disease or defect. Any known defect will be called at sale time. All animals are guaranteed breeders. If an animal fails to breed after a trial of six months, it may be returned to the seller if in good condition and in compliance with North Dakota Health Regulations. The seller reserves the right to try said animal for six months, and if it proves a breeder, return it to the buyer at the buyer's expense. If the animal proves to be a non-breeder, either an animal of comparable rank will be substituted or credit given in a future sale on an animal for animal basis. We assume no liability, legal or otherwise, to make any further compensation to the buyer. No other warranty of any nature is expressed or implied.

**DELIVERY** — Delivery will be made in groups of five registered animals or on purchases of \$5000 or more to central points up to 300 miles. We will cooperate with buyers on delivery of all cattle regardless of number or distance. **NO DELIVERY provided on commercial cattle.**

**ABSENTEE BIDS** — Anyone wishing to bid who cannot attend the sale may place phone or mail bids by contacting Roger or Duane Stuber, or any listed sale representative. Sight-unseen purchases are at the buyer's approval upon receiving the animals.

**HEALTH** — Stuber herd health is excellent. North Dakota is Bovine Brucellosis-Free and accredited Bovine Tuberculosis-Free. Females are officially calfhood Bangs vaccinated. Individual health papers will be furnished for shipment anywhere. All cattle are on a complete preconditioning program.

**PERFORMANCE** — Cattle are on a complete performance evaluation program with records kept on about every thing that can be measured. We will provide any extra information you may need. We are recognized by the American Hereford Association as a **Gold Star Breeder**.

**ULTRASOUND** — Sale cattle will be ultrasounded and data provided on a supplement sheet. There is a strong correlation between ultrasound measurement of yearling breeding cattle and the actual carcass measurement of their progeny. We have years of ultrasound data and all sale cattle have carcass EPDs. If you desire, that information can be provided.

Catalog prepared by Lezlie Moore 605/683-4800.

We have been fortunate to have many longtime customers ...here's a few!
