to bid, call Tami McIntosh 308/870-3661.

## WELCOME TO OUR 53RD ANNUAL PRODUCTION SALE!

Good times are headed our way. The genetics you provide today will reap a better price structure for what we produce. National and World Wide demand for the product we sell will excel. The eating experience, the taste and more so the quality for our product has never been better.

It is our pleasure to welcome you to our 53rd annual sale. Your presence will be appreciated on **April 17, 2021** to view the offering, enjoy lunch and meet with other good cattlemen. If you cannot attend, please view our web-site or participate on DVAuction online or make arrangements to be on the telephone.

Past support of customers is most appreciated and we want to make your purchasing opportunity as easy as possible. Each year, our highlight is to welcome new cattle producers and the opportunity to assist in their evaluation and buying needs.

Many cattle are sold on a first impression. We like to produce cattle that will present a good profile, be fault-free, pigmented, wide based, long down the spine, good muscle shape with strong performance and carcass numbers.

Environment always plays a big part in the cattle production business. We had five days of cold, snowy weather at weaning. This may have lowered our weaning weights a bit, but the compensatory gain has been really good.

Just remember, the Hereford Breed excels in feed conversion. With increasing feed prices, this is a big factor in production and the feeding of Hereford and Hereford-cross cattle. Our white face is **Identifiable** in all cross-breeding programs.

The cattle are available for viewing anytime and our cowherd will be close by on sale day. We look forward to seeing you at the sale or participating online. Stop by for lunch and visit with other good cattlemen. —The Stubers

Immortal impact on our breeding program! Sensation continues to be the breed's calving ease and cow sustainability bull ...they come five to 10 days early, have vigor and aggression in their nursing ability. His calves have wide and long loins, thick tops, good muscle shape to the quarter and best of all "eye appeal." They stand on good bone, nice hair coats, wide based with good muscle shape to their top line. Truly the "Answer Bull" to many breeding decisions. Daughters are maybe his biggest asset with good milk flow, level, small teats and good dispositions and they calve early. Just take a look at his EPD profile and the many traits he which he excels. Owned with Churchill, Upstream, Van Newkirk. Limited semen available

First calf crop confirms him as one of the great breeding bulls used on the Ranch. A son, Lot 30 in 2019's sale purchased by Hoffman and Buck, was Denver 2020 Supreme Champion Hereford bull. We had 62 calves by 619D in the 2020 calving season ...29 bulls and a nice group of females by him sell in this sale. Offspring are deep sided, thick and wide with a soft-look rib cage. All offspring show good bone, extra muscle shape, correct made with a lot of eye appeal. Production numbers are almost ideal with low BW and powerful growth. Carcass data is above average with plenty of milk. Used on heifers with great success. First daughters have ideal udders with good mothering ability. Owned with Baumgarten. Semen available.

Massive bull with the range bull look that was competitive in the Show Ring. Free moving, clean front, long side, full rib, wide back, exhibits ideal muscle pattern in his quarter and down his back. Eye appeal with his head up on smooth shoulder, correct feet and leg structure, good markings, pigmented eyes and shows presence with his look. Dam a fantastic cow with a good udder, correct made, trim fronted, marked right and productive. His first calves have arrived and initial evaluation is very positive in many breeding programs. So far on the ranch calves come early, low BW and most important have eye appeal. Co-owned with Hoffman, Buck and Shaw. Limited semen, contact Hoffman.

Another bull that is no longer with us, but has left a long-term impact. Low BW sire with good muscle shape, strong top, pigment, wide loin with some good numbers. Stout, thick with good growth, super milk and balanced carcass numbers. 0130X was the top selling bull in Cooper's 2011 sale. Dam is one of Mark's most productive cows. Daughters look very productive with superb udder shape and great disposition. Many sons are being used in purebred herds successfully. Gives an EPD profile that can be used in many programs. Owned with Churchill, Cooper and Bowen. Semen available.

High marbling, low BW with good growth, ample milk. Light colored, long sided, strong top, shows good side balance, presents a good profile. Moves free, good marked with large scrotal and teat score. Super calving ease EPD. First calves show good growth, eye appeal from heifers with no calving problems and real easy to look at. Sons could be a sale feature! Co-owned with Cooper, Krebs, Churchill. Semen available.

A rising star in our program! One of the Breed's top bulls for YW, REA, MARB, carcass weight and calving ease ...all important to a productive commercial breeding program. Daughters are calving with good milk, mothering ability, small teats and level udders. He's a maternal powerhouse backed by many outstanding females. Offspring are thick down the back and loin with excellent muscle shape into his quarter, body length, muscle, strong backs, correct structure. Performance is outstanding! Owned with Churchill, Cooper, Krebs & L Bar W. Limited semen.

Home raised son of Navarro that has impact in our herd and with our partners. He gives you the Rancher's kind of production. Big hipped, wide based, deep sided, marked right, bone, wide based, real gentle. Was the high gaining bull at right at 4.5 lbs. per day. Milk and big scrotal. His Script momma is a good one! Take a look at his EPD profile. Offspring have explosive growth, good muscle shape, great performance numbers and give you the look of productive cattle. Daughters are very productive. Bunch of full ET sibs being born this year. Semen available.

His first two calf crops have truly established 697 as a breeding bull. His offspring have eye appeal, great numbers, calving ease and his daughters have milk flow and udder structure. Fantastic set of BW, growth and milk numbers with outstanding carcass and calving ease. Used on heifers with ideal success. Moderate in his frame, correct made, ideal hair coat, google-eyed and presents a good first impression. His calf crop is outstanding with their numbers, eye appeal and structure. All of his production comes- from first calf heifers.

Super set of evaluation numbers. A "pasture bull." Used on heifers for two years with all calving unassisted. In those first two years his offspring were largely compared to Sensation and other real low birth weight sires, thus his larger BW EPD. Now being used on our polled cows with much success. Certainly, a growth bull with performance data to back him up. Some real sharp offspring sell!

**CONDENSED AMERICAN HEREFORD ASSN. EPD DEFINITIONS**

**CALVING EASE – DIRECT (CE)** ...indicates the influence of the sire on calving ease in females calving at two years of age.

**BIRTH WEIGHT (BW)** ...indicator trait for calving ease measured in pounds.

**WEANING WEIGHT (WW)** ...estimate of pre-weaning growth measured in lbs.

**YEARLING WEIGHT (YW)** ...estimate of post-weaning growth measured in lbs.

**MATERNAL MILK (MM)** ...milking ability of a sire's daughters is expressed in pounds of calf weaned.

**MATERNAL MILK & GROWTH (M&G)** ...reflects what the sire is expected to transmit to his daughters for a combination of growth genetics through weaning and genetics for milking ability.

**MATERNAL CALVING EASE (MCE)** ...predicts how easily a sire's daughters will calve at two years of age.

**MATURE COW WEIGHT (MCW)** ...MCW EPD was designed to either increase or decrease mature size of cows in the herd.

**UDDER SUSPENSION (UDDR)** ...represents an assessment of udder support.

**TEAT SIZE (TEAT)** ...the assessment of teat length and circumference

**SCROTAL CIRCUMFERENCE (SC)** ...best estimate of fertility for semen quantity and quality and indicates early puberty in sons and daughters.

**SUSTAINED COW FERTILITY** ...a prediction of a cow's ability to continue to calve from age three through age twelve, given she calved as a two-year-old.

**DRY MATTER INTAKE** ...predicts the daily consumption of pounds of feed.

**CARCASS WEIGHT (CW)** ...indicates pounds of hot carcass weight, if harvested at the same age constant endpoint.

**RIB FAT (FAT)** ...reflects differences in adjusted 365-day, 12th-rib fat thickness. Negative FAT EPDs are expected to produce leaner progeny.

**RIBEYE AREA (REA)** ...reflects differences in an adjusted 365-day ribeye area measurement based on carcass and ultrasound measurements.

**MARBLING (MARB)** ...reflects differences in an adjusted 365-day marbling score (intramuscular fat, [IMF]) based on carcass and ultrasound measurements.

**BALDY MATERNAL INDEX (BMI)** ...a maternally focused index that is based on a production system that is geared to identify Hereford bulls that will be profitable when used in a rotational cross with mature commercial Angus cows.

**BRAHMAN INFLUENCE INDEX (BII)** ...a maternally focused index that is based on a production system that uses Brahman x Hereford cross cows.

**CERTIFIED HEREFORD BEEF INDEX (CHBI)** ...a terminal sire index that is built on a production system where Hereford bulls are mated to mature Angus cows and progeny will be targeted for Certified Hereford Beef to allow for optimum end-product merit. This index has no emphasis on fertility.

**FULL DEFINITIONS POSTED INSIDE STUBER RANCH SALE BARN**

**TERMS AND CONDITIONS**

**TERMS** — Terms of the sale are cash. Every animal will be sold to the highest bidder with the auctioneer settling disputes as to bids. Announced changes in catalog information sale day take precedence over printed material in this catalog. All cattle are the buyer's property as soon as sold and will be cared for a reasonable length of time at the buyer's risk. Neither Stuber Ranch nor any person connected with this sale assumes any liability, legal or otherwise.

**GUARANTEE** — Every animal in this sale is, to the best of our knowledge, free from any disease or defect. Any known defect will be called at sale time. All animals are guaranteed breeders. If an animal fails to breed after a trial of six months, it may be returned to the seller if in good condition and in compliance with North Dakota Health Regulations. The seller reserves the right to try said animal for six months, and if it proves a breeder, return it to the buyer at the buyer's expense. If the animal proves to be a non-breeder, either an animal of comparable rank will be substituted or credit given in a future sale on an animal for animal basis. We assume no liability, legal or otherwise, to make any further compensation to the buyer. No other warranty of any nature is expressed or implied.

**DELIVERY** — Delivery will be made in groups of five registered animals or on purchases of \$5000 or more to central points up to 300 miles. We will cooperate with buyers on delivery of all cattle regardless of number or distance. **NO DELIVERY provided on commercial cattle.**

**ABSENTEE BIDS** — Anyone wishing to bid who cannot attend the sale may place phone or mail bids by contacting Roger or Duane Stuber, or any listed sale representative. DVAuction is also a bidding option. Sight-unseen purchases are at the buyer's approval upon receiving the animals.

**HEALTH** — Stuber herd health is excellent. North Dakota is Bovine Brucellosis-Free and accredited Bovine Tuberculosis-Free. Females are officially calfhood Bangs vaccinated. Individual health papers will be furnished for shipment anywhere. All cattle are on a complete preconditioning program.

**PERFORMANCE** — Cattle are on a complete performance evaluation program with records kept on about every thing that can be measured. We will provide any extra information you may need. We are recognized by the American Hereford Association as a **Gold Star Breeder**.

**ULTRASOUND** — Sale cattle will be ultrasounded and data provided on a supplement sheet and on our website. There is a strong correlation between ultrasound measurement of yearling breeding cattle and the actual carcass measurement of their progeny. We have years of ultrasound data and all sale cattle have carcass EPDs. If you desire, that information can be provided.

Catalog prepared by Lezlie Moore 605/683-4800.

BW **86** / ADJ. 205 **666**. Pasture bull look with muscled quarter, deep side, correct structure, red eyes and short marked. Real wide backed, clean sheath with perfect markings. Dam produces low BW with a lot of extra carcass.

**Dam Churchill Lady 7189E**  
 ...mother of last year's high sellers including SR Expedition 619G and SR Sierra 959G, both ET full brothers. A powerful producer, she gives her sons a solid maternal foundation!

**PROGRAM, PRODUCTION, PRODUCT AND PROFILE!**

The 2021 sale offering presents new sire groups for your consideration. They include CL 1 Domino 8117F, PDHR 15E Standard Lad 24H, SR Dominator 268F and UU Bakken 8027F. All the new sires have done a good job and we invite you to inspect their production. Nine of the sale bulls have been genetically enhanced tested ...GE-50K symbol is on their picture.

BW 93 / ADJ. 205 746. Another ET 24H son. This one is a fall bull. Real correct made and stands on big bone. Strong topped, volume made with full rib expression. Lot 175 is thick with a lot of muscle expression, stands wide behind and is correct made with a good foot. Carries his head up and gives you a smooth shoulder look. Retaining a semen interest.

# Stuber Registered Heifers

This offering of productive females is as strong as we have ever offered. Their EPD profile is similar to ones we keep. Top-end heifers will be offered from each sire group. You'll find females that are easy to look at, have exceptional EPD's, extra milk, ample pigment and, in most cases, good carcass data. They are "Bangs" vaccinated and have had all of their preconditioning and pre-breeding shots. Heifers are in good condition and ready to breed to your bull of choice or if you *A.I.*, we will offer two straws of semen on any herd bull we own or have partnership on to use on the heifers. If you don't pick up semen at the ranch, you will pay shipping costs. Certificates will be based on cost on the bulls we own alone or the price of certificates that we have on our partnership bulls.

## Stuber Commercial Heifers

**SELLING:**  
**70 COMMERCIAL HEREFORD HEIFERS**  
**50 BW F1 HEIFERS**

The commercial heifers selling are all home raised on the ranch from our commercial cow herd. Most of the black baldy heifers come from our first calf heifers. These are a fancy set of brood making females with milk, muscle and enough growth. They have been wintered on a growing ration with their future use in mind and will be in just the right condition. They should weigh in the 825 to 900 lb. range. All are Bangs vaccinated and have had all of their preconditioning procedures. **They will also have all of their breeding shots given to them by sale day. No delivery is provided on the commercial cattle, but we will be more than happy to work out arrangements with you.**
