

The background of the entire poster is a photograph of a ranch. It shows rolling hills under a blue sky with light clouds. The foreground and middle ground are covered in dry, golden-brown grass. Several black cattle are scattered across the field. A dark blue curved banner is at the bottom, containing white text.

Lunch:

Complimentary lunch beginning at 11:00 AM.

Zoetis 50K Genetic Testing:

The bulls were HD 50K tested through Angus Genetics Inc. (AGI). 50K testing uses a sample of each of our bull's DNA to dependably determine their genetic potential. The results are in percentile ranking. The bulls have all been sire verified through the 50K genetic testing.

See page 4 for more information on 50K genetic testing information provided.

Individual Docility Score:

We have instituted a docility score that is specific to our bulls. This is not a percentile. It is a subjective score derived from our personal evaluation of each bull. A bull would have to be rated 1-3 in order to qualify for our sale.

1 - Extremely Gentle

4 - Flighty

2 - Docile

5 - Agressive

3 - Restless

6 - Very Agressive.

Our Vision

We desire to equip our customers with the most profitable seed stock in the industry, through exclusive use of high accuracy AI genetics and rigorous culling of our cow herd. Our goals of consistent calving ease, easy fleshing highly maternal females, and moderate to high growth cattle with positive carcass qualities are in place to ultimately serve our customers with success through every cattle

Hello from Wilken Angus!

A big heartfelt "Thank You" to all of you who have come and supported our sale in the past as well as those who are considering our bulls for the first time. It is a privilege to be in this business and we value each and every one of you.

We are excited about this year's offering of our long aged bulls. The bulls were weaned, put on a growing ration, gaining 1 1/2 lbs through the winter, and put on grass the latter part of May for three months. We brought the bulls in the end of August when we put them on a high roughage growing ration under the supervision of nutritionist, Tyler Melroe.

Our program is backed by 22 years of exclusive AI genetics. We have strived to produce balanced cattle that will work in the pasture, feed yard, and on the rail.

The sale is a video auction through The Livestock Link. About two weeks prior to sale day, videos of each bull will be available on our website, www.wilkenangus.com.

These bulls all sell as commercial bulls to YOU, the best commercial cattlemen in the world!

Our family looks forward to seeing you sale day! Have a great Thanksgiving with your family and we'll see you the day after. Lunch starts at 11:00.

We don't want anyone to miss out on the most important thing which is the truth found in these Bible verses: John 3:16-17 says, "For this is how God loved the world: He gave his one and only Son, so that everyone who believes in him will not perish but have eternal life. God sent his Son into the world not to judge the world, but to save the world through Him."
