Z Arrow T RANCH

Welcome

It is our pleasure to welcome you to the 2nd Z Arrow T Ranch Production Sale. We are thrilled to offer this exceptional group of bulls, including our very first calf crop of SR PINPOINT 252K progeny. These bulls have stood out from day one and continued to impress us through the summer and weaning process.

Rest assured; the quality of these cattle has remained consistent. The herd of cows these bulls come from is built to work for us, not the other way around, and they trace back to the Mrnak genetics you know and trust.

These bulls were summered on grass without creep feed. Since weaning, they have been on a carefully managed ration of Optimizer creep pellets, mineral, and grass hay. We've grown them slowly to ensure they stay sound and are ready to get to work.

We take great pride in this set of bulls. Each one has been thoroughly evaluated for structure, soundness, disposition, and phenotype. Additionally, all bulls have passed a breeding soundness exam. As always, we stand behind our bulls and are here to support you if you have any issues.

Videos of the bulls will be available by May 1, 2025. Please feel free call/text us with any questions or stop in to view the bulls any time prior to sale day.

We don't raise the most, but we do everything we can to raise the best.

Thank you once again for your continued support of our program!

Wayne and Jill
